In BTCÐ trades, we enter with double position size than we do in Binance and Kucoin ParadiseVIP, that is why the ROI is bigger even when the % profit/loss is the same or similar to our Binance and Kucoin results

Each signal comes with a proper Risk/Reward strategy, and our motto is quality above quantity. One thoughtful position with a high return and tight invalidation level is, in the long term, better than 10 trades per day, which drain your energy and don't provide the same results (success rate is not that important if you follow proper risk/reward in every setup). Based on our ParadiseFamilyVIP 7 golden rules, which we teach you in an introductory phone call, we are using only one buy price to ensure that we enter every trade setup with the same position size, which is very important to do; if you want to be profitable long-term!
